## METHODOLOGY, SAMPLE FRAME CONSTRUCTION AND DATA COLLECTION PROCEDURES

This poll is commissioned by BUSR.com and conducted by Susquehanna Polling and Research, Inc<sup>1</sup>. Interviews were conducted August 4-10, 2021, with 700 registered voters in the state of Florida. Survey respondents are randomly contacted using random selection procedures, and all telephone interviews are conducted using live telephone agents. Respondents were pre-selected for the sample frame based exclusively on households showing prior vote history in at least 1 of 3 (or better) general elections, using G20, G19 and/or G18 as the base universe, plus new registrants since G20. The sample frame was compiled using random telephone sequence methods, and includes both landline and cellular households, purchased from a certified list vendor; all households are pre-screened to eliminate household telephone numbers on the federal Do Not Call registry in compliance with all applicable federal and state laws.

Interviews are closely monitored to ensure a representative sample of registered/likely voters in Florida is achieved based on party registration, geography, racial background, gender, age and other demographics; results are sometimes statistically weighted to account for non-response and/or coverage bias.

The margin of error for a sample size of 700 interviews is +/-3.7% at the 95% confidence level, or +/-6.25% for a subset of N=245 Democratic voters.

<sup>1</sup>Susquehanna Polling and Research, Inc. is a nationally recognized polling and focus group company and conducts polling for political, media and corporate clients in numerous states. SP&R's polling has been featured on many national platforms, including the Rush Limbaugh Radio Show, FOX News Channel, The O'Reilly Factor, the Bill Maher Show and MSNBC. The former internet news service *Sunshine State News* of Florida referred to SP&R as "one of the most prominent pollsters in the country" for its accurate polling in the 2010 Florida Gubernatorial GOP Primary Election. The website [www.realclearpolitics.com](http://www.realclearpolitics.com) lists SP&R's Presidential Battleground Polling in PA, WI, NC, FL and AZ as some of the most accurate polling by any survey firm in the 2020 POTUS elections. CBS's nationally televised *Inside Edition* program chose SP&R to profile on two separate segments due to its unmatched accuracy in 5 key battleground states in the lead up to the 2020 General Election.
